

CHILD CARE REIMBURSEMENT

2025 2026

The UAW/UMass Health & Welfare Trust Fund distributes funds across eligible Grad Employee & Postdoc families to defray the costs of on-campus or off-campus childcare. Submit pg 1 of your most recent federal tax return and your childcare planning form at portal.hwtf.org/ and we'll review & let you know what percentage reimbursement you can expect. We accept receipts on a rolling basis. Deadlines & eligibility specifics can be found at hwtf.org/family (scan QR code below).

WHAT'S ELIGIBLE?

- Licensed infant, toddler, or preschool care (center or home-based)
- Before or after school care
- Summer camps
- Organizational/center-based extracurricular activities (excludes private lessons)
- Tutoring, homework assistance, and online instructional programs
- Informal Friends, Family & Neighbors (FFN) care (limited by separate maximum)

HOW DOES IT WORK?

We use your family size & income to identify your income level on the MA EEC Financial Assistance Parent Co-Payment Table (see our website). Our first priority is to provide the highest possible reimbursement to applicants in levels 1 to 11. There is a \$6000 per child annual maximum of which up to \$3000 can be used for FFN care. Full details and deadlines at hwtf.org. The Trust Fund cannot guarantee that any applicant will receive funds or guarantee any particular reimbursement levels.
